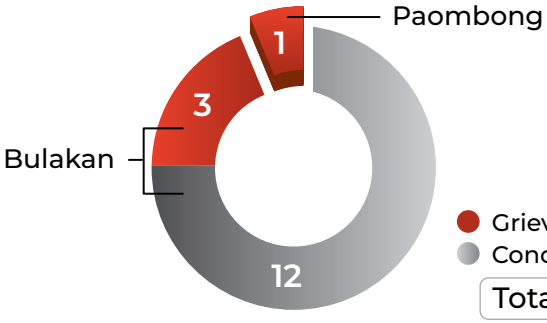
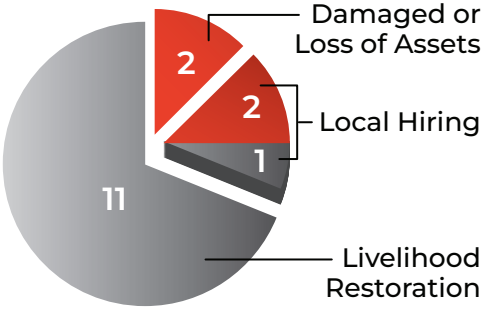
Issue Management and Grievance Redress



By Location



By Type

Land Development

Sourcing of alternative sand sources continues.

Kumusta? Community Engagements

Distribution of Christmas Tokens

- Bunducan, Duhat, and Lolomboy, Bocaue
- Patubig, and Abangan Norte, Marilao

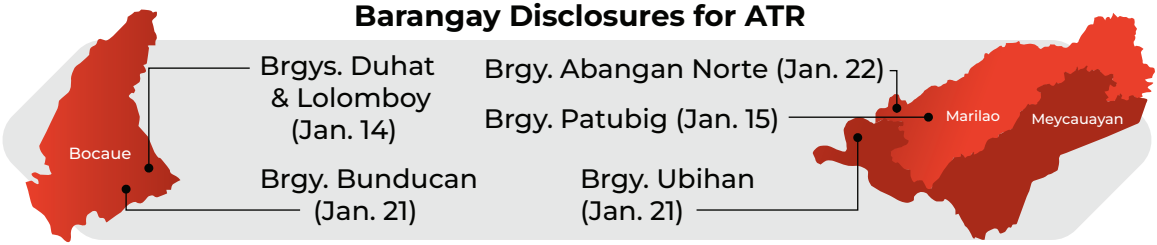
To maintain consistent communication with our partners, the project has been engaging with these municipalities:

Municipalities:	2 - Bocaue & Marilao
Barangays:	4 - Brgy. Duhat, Lolomboy, Patubig, Bunducan
Local Government Offices:	2 - Marilao & Bocaue Human Resource Management Office

Airport Toll Road

SMAI is undertaking the construction, operation, and maintenance of the New Manila International Airport (NMIA) Project pursuant to the concession and the legislative franchise granted by the Government. It intends to build an airport toll road (ATR) to facilitate access to the airport for the benefit of the airport users and the general public. As an initial activity, SMAI, as assisted by its consultant GHD Pty Ltd., is preparing an Environmental and Social Impact Assessment with respect to the ATR.

Barangay Disclosures for ATR



Focus group discussions and key informant interviews are being conducted with the municipalities of Bulakan, Bocaue, Meycauayan, Marilao, and Obando to gather local insights and ensure community participation.

Environment & Sustainability Development

Environmental Monitoring

Noise monitoring activities were conducted in Bulakan, Obando, Marilao, and Meycauayan.

Water quality monitoring activities were conducted on January 9, 14, and 28.

February Look-ahead

Biodiversity Management

- Habitat monitoring and progress evaluation (Bulakan offset site)
- Completion of permeable structures in Pampanga offset sites

Airport Toll Road

Community consultation meetings on studies that will be conducted for the Airport Toll Road Project

Environmental Monitoring

The team will hold weekly in-situ water quality monitoring, groundwater sampling; weekly on-site and monthly ex-situ (laboratory testing and analysis) water quality monitoring; air and noise level monitoring, borehole project monitoring with the winning contractor and land platform inspection this February

Issue Management and Grievance Redress

Case deliberation will be held to resolve 16 cases (4 grievances and 12 concerns)

Compliance

Participate in the Monthly Bulakan Solid Waste Management Board Meeting
